Colored figures are allowed; however, they will not be printed in color, only converted to gray scale in the printed version of the Technical Digest of the conference. Please keep this in mind when choosing colors and use suitable alternative formatting options for your graphs (*e.g.* solid, dashed, dotted lines; circles, squares, etc.). Full color figures will be available in the electronic version of the Technical Digest, which will be distributed to all registered participants of ICSCRM 2013 at the conference venue. Citations must be given as [1] or [2-4]. The reference list must be formatted as shown below. Any acknowledgments must follow the main text and precede the reference list.

The abstract must be converted to an Adobe Acrobat pdf file. Abstracts can only be submitted *via* the online conference system MyICSCRM, which can be accessed at the ICSCRM 2013 website (www.icscrm2013.org). For details on the abstract submission process, please follow the Abstract Submission Guidelines provided there.
